

Starlight Luminizer Serum

2855-3.02

+ Shimmering effect

+ Light texture

+ Caring & Revitalizing

Phase	Name	INCI	Supplier	%
A1	DEMINEALIZED WATER	WATER	-	72.4
	STRUCTURE® XL	HYDROXYPROPYL STARCH PHOSPHATE	NOURYON	3.0
A2	PROPANEDIOL	PROPANEDIOL	-	5.0
	BUTYLENE GLYCOL	BUTYLENE GLYCOL	-	5.0
	SATIAXANE™ VPC 911	XANTHAN GUM	CARGILL	0.2
B	EMULIUM® DERMOLEA MB	POLYGLYCERYL-6 DISTEARATE, CANDELILLA/JOJOBA/RICE BRAN POLYGLYCERYL-3 ESTERS	GATTEFOSSE	2.0
	LABRAFACT™ CC MB	CAPRYLIC/CAPRIC TRIGLYCERIDE	GATTEFOSSE	4.0
	ACTICIRE® MB	JOJOBA ESTERS, HELIANTHUS ANNUUS (SUNFLOWER) SEED WAX, ACACIA DECURRENS FLOWER WAX, POLYGLYCERIN-3	GATTEFOSSE	2.0
C	EUXYL™ K 712	WATER, SODIUM BENZOATE, POTASSIUM SORBATE	SCHULKE & MAYR	1.0
	ENERGINIUS®	FRUCTOSE, GLYCERIN, WATER, WITHANIA SOMNIFERA ROOT EXTRACT	GATTEFOSSE	1.0
D	PERFUME INCROYABLE ITM528727	PARFUM	DOMAINE D'ARGEVILLE	0.2
E	CITRIC ACID (10% SOL.)	WATER, CITRIC ACID	-	0.5
F	SUNSHINE® SUPER GLITTER GOLD	SYNTHETIC FLUORPHLOGOPITE, TITANIUM DIOXIDE, IRON OXIDES	SUN CHEMICAL	0.8
	COVAPEARL® ANTIQUE SILVER 239	MICA, TITANIUM DIOXIDE, IRON OXIDES	SENSIENT	1.0
	COLORONA® BRONZE FINE	MICA, IRON OXIDES	MERCK	0.5
	SUNSHINE® SUPER GLITTER BRONZE	SYNTHETIC FLUORPHLOGOPITE, IRON OXIDES	SUN CHEMICAL	0.4
	MIRAGE® SPARKLING CHAMPAGNE	CALCIUM SODIUM BOROSILICATE, IRON OXIDES, TIN OXIDE	ECKART	1.0

100.0

Operating instructions

- Heat the water of phase A1 at 70°C and disperse Structure® XL for 15 minutes under high shear.
- Add premix A2 into A1 under moderate shear for 10 minutes and check that everything is homogeneous. Maintain the temperature at 70°C.
- Heat the oil phase B at 70°C. Check that everything is homogeneous.
- Proceed with the emulsion of phase B into phase A (A1+A2) at 70°C, under moderate shear, and then increase to high shear (2500 rpm) for 10 minutes.
- Cool down under moderate shear and below 35°C add the phase C, D and E one by one.
- Add finally the pearls of phase F and mix slowly for 10 minutes.
- Finish to cool down until reaching 25°C. Check the pH and adjust if necessary.

Starlight Luminizer Serum

2855-3.02

+ Shimmering effect

+ Light texture

+ Caring & Revitalizing

Description

This O/W emulsion has a light texture, characteristic of its emulsifier **Emulium® Dermolea MB**. This formula can be applied on the face, breast, arms, or legs for a shimmering effect that varies according to the quantity applied. With **EnergiNius®** inside, this serum is a real vitality booster. It revives tonicity and elasticity both of the face and the body.

Specifications

- + Aspect: Golden brown sparkling fluid cream
- + Viscosity Brookfield RV (spindle A, speed 5): approx. 11500 mPa.s after 24h
- + pH: 5.6 ± 0.3
- + Natural origin > 97% (ISO 16128)

Ingredients

- **Emulium® Dermolea MB** is a 100% natural origin O/W emulsifier which supports the skin barrier function and reduces skin sensitivity. It creates light textures from low to high viscosities. 2% of this emulsifier is sufficient to emulsify a small quantity of oil phase and maintain a low viscosity even with pearls in the formula.
- **Labrafac™ CC MB** is an odorless emollient that provides good spreadability and comfort.
- **Acticire® MB** is both a moisturizing and texturizing agent. It brings softness and unctuousity to the serum.
- Propanediol and butylene glycol have a preservative boosting action and are good humectants. They also help to achieve high spreadability, a must have for body application.
- Satiaxane™ VPC 911 and Structure® XL are aqueous gelling agents. They help to suspend the pearls and avoid sedimentation.
- Euxyl™ K 712 is a premix of COSMOS approved preservatives.
- Sunshine®, Covapearl®, Colorona® and Mirage® are pearlescent pigments that give the glowy finish to the formula and the starlight effect on the skin.
- **EnergiNius®** features vitality boosting properties for skin cells and protects their energetic potential from aggressions. The skin is infused with new energy. Its biomechanical properties are improved in favor of more tonicity and elasticity. Strongly reinforced, the skin is visibly revived and signs of fatigue disappear in favor of a healthy glow. Clinical study has been conducted on face and body.
