## Operating instructions

- Disperse Avicel® PC 591 in water under mixing during 10 min.
- Then add Satiaxane CX91 + Glycerin, and maintain mixing during 10 min.
- Heat A and B to 70-75°C.
- Under high shear, add A to B.
- Cool under mixing and around 35°C, add D.
- Complete cooling under mixing.

- + Soothing
- + Moisturizing
- + Anti-Pollution

## Description

Suitable for all skin types, even the most sensitive ones in polluted atmosphere, this cream has a luxurious texture with a soothing and protective activity. Gatuline® Skin-Repair AF helps reducing inflammation while Gatuline® Age Defense NP protects the skin from external aggressions. Emulium® Mellifera MB at 4% creates an imperceptible protective film that soothes sensitive skin and respects its fragile skin flora.

## Specifications

- + Aspect:  
White cream
- + pH = 5.8 ± 0.5
- + Viscosity Brookfield (spindle B, speed 5):  
approx. 31 000 mPa.s after 24h

## Ingredients

- **Emulium® Mellifera MB**, at 4%, creates a pleasant and stable cream with an imperceptible protective film.
- **MOD MB, Labrafac™ CC MB** and **Cetiol® OE**, emollients, are well-balanced, resulting in nourishment and soft feel without any greasy sensation.
- **Avicel® PC 591** and **Xanthan Gum** are gelling agents that help to stabilize.
- **Glycerin** brings moisturization and comfort.
- **Gatuline® Skin-Repair AF** helps the skin resolve inflammation and promotes the return to homeostasis of all inflamed, damaged or stressed skins.
- **Gatuline® Age Defense NP** is an active ingredient that protects the natural cellular antioxidant pool of the skin.
